

Nanomedicine Explorer

Summary

“Nanomedicine Explorer” is an interactive media station. Voice your opinion in a nanomedicine poll, meet researchers, and learn how nanotechnology is being used to treat and diagnose diseases. An optional web connection automatically updates the station with current nanomedicine news and allows visitors to send themselves a link to Nanomedicine Explorer online.

Nanomedicine Explorer requires a data line for nanomedicine updates and email functionality.

Exhibit Details

Audience: All ages

Exhibit Format: Stand-Alone Exhibit Component

Exhibit Dimensions: 52”w x 32 ½”d x 78”h
