

# Next Generation Science Standards

---

## National Nanotechnology Infrastructure Network (NNIN) Lessons

**Lesson:** Using Media to Explore Social and Ethical Issues in Nanoscience and Nanotechnologies

**Standards:**

HS-ETS1-1. Analyze a major global challenge to specify qualitative and quantitative criteria and constraints for solutions that account for societal needs and wants.

HS-ETS1-2. Design a solution to a complex real-world problem by breaking it down into smaller, more manageable problems that can be solved through engineering.
